

LANCASTER
DAY CARE
CENTER

BRIGHT
MINDS
with spark!

THE MISSION OF LDCC is to provide high quality early care and educational programs for low-income working families at an affordable cost and in a nurturing environment that is based on the importance of secure relationships. Our purpose is to create a community of caring and learning focusing on the young children who are most likely to risk failure in school and life.

By providing this service, families are strengthened because parents can work or go to school and their children are given the confidence and skills to successfully enter school ready to learn, grow, and take risks. It is also our intent that families succeed economically and emotionally which in turn strengthens the overall community.

A BUDDING MIND

"I'M A DOCTOR!": Five-year-old Faith has a knack for absorbing big words in Miss Gloria's pre-kindergarten class, but sometimes a few smaller ones put together can say a lot, too... READ MORE AT figlanicester.com/ldcc

Hand

THE 2011 ANNUAL GOLF AND TENNIS FUNDRAISER will be held at Bent Creek Country Club on **Friday, April 29th**. Along with this event, we are excited to introduce our first annual **Junior Tennis for Tots fundraising event**. Join us at the Lancaster Country Club on **Saturday, April 30th**.

Since 1915, Lancaster Day Care Center has been providing quality child care to low income working families. Funds raised through events such as our golf outing help subsidize the difference in what the parents pay and the actual cost of child care.
